

35TH ANNUAL GOLF TOURNAMENT

The Logansport Memorial Hospital Foundation is very excited and proud to be hosting our 35th Annual Golf Tournament. Wednesday, June 16th is your opportunity to tee off with the Logansport Memorial Hospital Foundation. The tournament will be held at Dykeman Park Golf Course, come rain or shine.

Only one thing could be better than a beautiful day at the golf course – and that is “Putting Fore a Purpose.” Proceeds from this year’s tournament will help fund student scholarships, purchase hospital technology and equipment, and support other worthwhile community-based healthcare initiatives at Logansport Memorial Hospital.

To register your team or for more information call Kaitlyn Shidler at 574.753.1573 or email kshidler@logansportmemorial.org.

Thank you to our sponsors:
Corporate Level - Consolidated Union, SIHO Insurance Services and Cerner Corporation

Event Level - Bona Vita Architecture, Horizon Bank, Logansport Savings Bank, Representative Ethan Manning and Dr. Bridget Kennedy, The Pharos Tribune, Tyson Foods, Woodbridge Health Campus and Dave Workman and Associates.

COMMUNITY EDUCATION SCHOLARSHIP

It is that time of year for high school seniors to be completing all of their scholarship applications. The Foundation is proud to serve as one of those opportunities for local students. If you know a Cass County senior who is planning on pursuing a career in the healthcare/medical field, the Logansport Memorial Hospital Community Education Scholarship is for them.

Applications can be found at the local county high schools, the Foundation office or by emailing Kaitlyn Shidler at kshidler@logansportmemorial.org.

Ways to Give

Your generosity is greatly appreciated, and every gift makes a meaningful impact on the lives of family, friends, and neighbors. There are three ways to give to the Logansport Memorial Hospital Foundation:

- **Mail**
Complete the form and send to:
Logansport Memorial Hospital Foundation
1101 Michigan Ave.
Logansport, IN 46947
- **Online**

NEWSLETTER | SPRING 2021

The Logansport Memorial Hospital Foundation is excited to see what 2021 has in store.

On the heels of a tough year for everyone, the Logansport Memorial Hospital Foundation still worked diligently to ensure that we made an impact on LMH and our community. As we look forward, 2021 will be no exception as we will continue Gifting For Health in the most meaningful ways possible.

It is our mission to continue being a resource from providing patient scholarships to being a community partner in addressing the opioid crisis in Cass County. This year, we plan to continue growing our regular communication with LMH staff, our donors and the general public to drive knowledge and support for the Foundation. We serve our community because we live here too, and we truly want to grow alongside our neighbors and continue to enhance everyone’s overall quality of life.

In 2020 the Cass County System of Care (SOC), an alliance formed to address local substance use disorders, worked behind the scenes. Event opportunities were very limited due to COVID. The LMHF board believes this year there will be opportunities to support an opioid awareness event, to not only show our support for the Cass County SOC, but for our community as well. Cass County has made great strides over the last few years, and the Foundation knows that we can be an additional resource .

The Foundation looks forward to serving and growing with our community today, tomorrow and forever.

FUNDING FOCUS Cardiac Rehab Scholarships

Go Red Day

February is American Heart Health Month and LMHF is proud to participate every year in #GoRedDay to raise money for our Cardiac Rehab Scholarship Fund. Staff from all across the hospital pay \$5 to wear jeans and their favorite red shirt to show their support for our Cardiac Rehab Scholarship Fund. The Cardiac Rehab Scholarship Fund provides financial assistance for under-insured/uninsured patients in need of cardiac rehab services. If you would like to support our Cardiac Rehab Scholarship Fund please visit www.logansportmemorial.org/Donate and select the Cardiac Rehab Fund.

When asked about what the Cardiac Rehab Scholarship Fund means to patients, our Clinical Coordinator for Cardiac and Pulmonary Rehab Services Cassie Hodgini said "The rehab scholarship is very important for our patients as these are funds designated to help patients that are uninsured or who have a financial hardship. These funds allow them to be able to attend rehab and get the help that they need to have a successful recovery from their heart event. Without these funds, there would be people who otherwise would not be able to participate in the program. The education and exercise guidance they receive in cardiac rehab will help them to implement healthy lifestyle changes that will hopefully prevent any further heart problems. Cardiac rehab appreciates having this fund available!"

Health Information Management/Medical Records

Pediatrics

Wound Care

As you exit the elevators to enter the new unit you will see the beautiful new family waiting space, generously donated by Logan Machine Company.

New expectant families can experience all of our birthing classes in the Family Education Center, donated by Dr. W. Bruce and Leeann Murray.

(L) Once you are on the new unit guests will first see our Wall of Stars, where our newest little patients will be featured, thanks to an Anonymous Donor.

(R) Loved ones can take a break at the beautiful Nourishment Center donated by Security Federal Savings Bank.

NOW OPEN - LMH FAMILY BIRTH CENTER

The newly renovated Family Birth Center at Logansport Memorial Hospital has been entirely redesigned and modernized to offer enhanced security and all new labor and delivery hospital birthing suites for added comfort and bonding of our moms and babies.

Logansport Memorial allocated \$3 million for the project, spent over the course of two and a half years. The completed renovation was made possible in part by the generous support that was given from the community to the Logansport Memorial Hospital Foundation's "Building For Generations" Capital Campaign in 2017. The capital campaign raised a total of \$1.3 million toward the Cancer Care Center and the Family Birth Center. "We were so moved by the tremendous outpouring of financial support that was shown to our hospital for this project during the capital campaign," comments Vicki Byrd, Vice-President of Planning and Development.

"Our Foundation board of directors and our capital campaign chairwoman Jan Packard really helped our community businesses, leaders, individuals, and families connect with these

projects and see that this investment in our hospital facilities and services would benefit generations of families for years to come. Although we have been disappointed that we could not share this excitement with our donors and community members in the traditional way of an open house, we want everyone to know what a celebration this truly is for all of us involved."

At Logansport Memorial, "Building Better Health" is more than just a tagline. It embodies how we work to fulfill our mission and vision of serving the patients across north-central Indiana with the services and facilities that they not only need, but deserve.

Our team of OB/GYNs, pediatricians, caring nurses and certified lactation consultants provide the comprehensive and personalized care that has earned us designation as a Baby-Friendly Hospital. We're proud to be right here in north-central Indiana, delivering obstetrics care that exceeds the expectations of families in our community.

STAY ACTIVE THIS SPRING RIVER BLUFF TRAIL SYSTEM

It is so important for your overall health to stay active. Our River Bluff Trail System is the perfect place to get some fresh air and exercise. The 2.7 mile trail is perfect for all skill levels and is primarily used for walking, running and biking. Be sure to follow these tips to stay safe during your outdoor activities.

- **Train in layers.** Dress for no more than 15 degrees warmer than you expect to experience, this will help keep you from overheating. Also, always remember to have a light windproof jacket with you for any outdoor activity.
- **Proper hydration.** With warmer days, you will be sweating more than you did during the winter months. Runs, walks and bike rides over 45 minutes require hydration. Be sure to pack plenty of water and fluids containing electrolytes to replenish your body.
- **Check your equipment.** Make sure your shoes fit comfortably and have the right amount of traction, and that you have the appropriate clothing for your exercise. If you are a biker, be sure to check your pedals, brakes and tires to ensure they all are ready for a long spring ride.
