

PUTTING FORE A PURPOSE

34TH ANNUAL GOLF TOURNAMENT

Only one thing could be better than spending a beautiful day at the golf course – and that is Putting Fore a Purpose. Wednesday, July 22nd is your opportunity to tee off with the Logansport Memorial Hospital Foundation. Our 34th Annual Golf Tournament will be held at Dykeman Park Golf Course in rain or shine. Vibrant Events Catering will provide lunch, from 11 am – 1 pm for all golfers.

Proceeds from this year's tournament will help fund student scholarships, purchase hospital technology and equipment, and fund other worthwhile community-based healthcare initiatives at Logansport Memorial Hospital. Sponsorship opportunities are still available.

**To register your team or for more information call
Kaitlyn Shidler at 574.753.1573 or email kshidler@logansportmemorial.org.**

NEWSLETTER | SUMMER 2020

2020 VISION

2020 has not started out or shaped up to be what we planned for, or what we expected.

A global pandemic affected all of us in different ways, and Logansport Memorial Hospital was proud to be here for our community and the north central Indiana region, when our patients needed us more than ever. But now we are refocusing with renewed energy as we get back to Building Better Health, and back to the plans we had laid out for this year. While we won't get everything accomplished that was on our original list, we will work to continue addressing identified community health needs and supporting the patients of Logansport Memorial Hospital.

In our initial planning for this year, the Foundation Board had discussed the opioid epidemic in our community and felt it was relevant and important enough to keep on our 2020 strategic plan. With the System of Care taskforce that has formed as a result of the grant that LMH and Four County received from Tyson Foods, the LMHF Board believes there will be more opportunities to support public events that highlight this issue. Currently, there are bi-monthly community summit meetings with representation from several key organizations, including Logansport Memorial Hospital. These meetings focus on activities in three main areas – prevention, recovery, and treatment. A lot of progress has been made, but there is still work to be done, and the LMH Foundation is excited to be part of it in the near future.

Our goal is to continue Gifting For Health in our community, all while continuing our growth and support from the past few years.

FUNDING FOCUS Family Birth Center Renovation

At Logansport Memorial Hospital, we're Building Better Health because you're expecting great things. In early 2019, we kicked off our third trimester of construction on the new Family Birth Center. Logansport Memorial Hospital and our Foundation believe families in our community deserve the best birthing experience possible.

The new rooms will be LDRP, meaning you will be in the comfort of your own BIGGER room for your entire stay. The unit is set to be complete by the end of the 3rd quarter, with a goal of opening and serving the north central Indiana region by the end of the year. We are excited to see the new unit as a finished product, and we hope you are too!

Thank you to all of our donors who made this a possibility for our community. Stay tuned for more to come about this unit's grand re-opening!

HEAR FROM DR. BRUCE MURRAY

"Having a new unit has been a project on our minds for awhile now. We wanted to have a family-centered environment with newer rooms. Everything about this unit is a complete upgrade; advancements in technology, a call-room, and close proximity for hands on care. With these changes, no one in our area can compete with what we will have and what we will be doing. This new unit will certainly be worth the wait."

LMH Foundation Scholarship Awarded

MACIE MOON

The Foundation is proud to award Macie Moon with our Community Education Scholarship of \$3,000. Macie graduated from Pioneer Jr Sr High School, and will be attending IUK in the Fall where she will study radiography.

"Thank you all so much for selecting me to receive the LMHF Scholarship! This will help me tremendously to achieve my collegiate goals. I eventually hope to become an employee at LMH." Macie said.

Please join LMHF in congratulating Macie on her scholarship, and in wishing her luck on her future endeavors. We also would like to thank the community members who make it possible to provide scholarships to students like Macie.

How LMH is Keeping You Safe

- Face masks are provided to everyone, regardless of symptoms
- Frequent disinfecting and cleaning
- Sanitizing stations throughout LMH
- Staggered appointments to minimize people in a given area
- Chairs in public areas are spaced out for social distancing
- Proper PPE for ALL team members
- Separate care areas for COVID-19 and non-COVID-19 patients

Caption: Thank you to our LMH Heroes who ensured our patients still received the quality care they needed.

HERE FOR YOU. HERE FOR EACH OTHER.

As you know, Cass County was one of the highest counties in Indiana of residents who tested positive for COVID-19. During these unprecedented times, staff here at Logansport Memorial Hospital went above and beyond to ensure all of our patients received the best care possible.

Throughout the COVID-19 pandemic, we really felt what it means to be a community hospital and here at LMH, we know that we are all #INThisTogether.

If you would like to support LMH and our patients during this time, please consider making a gift online or send a check to:

*Logansport Memorial Hospital Foundation
1101 Michigan Avenue
Logansport, IN 46947*

For donations made in support of our staff and hospital during COVID-19 please choose the "Unrestricted Fund" for your designation or on the memo/for line. Funds directed there will be used to meet the greatest needs of our patients during this unprecedented time.
